**Juror's Notes**

---

## **NJWCS 80th Annual Open Juried Exhibition Award Winning Artists**

**Thank you to our Juror of Awards  
Antonio Masi, AWS  
Congratulations to All**

As a juror what I look for in a painting are competence in the handling of the medium, composition, drawing, values, color, edges and a personal visualization.

The entries represent a rich variety of subject matters, individual artistic styles and visualizations creating a feast for the eyes. What a wonderful joy for the heart. I congratulate all the artists for presenting such a wonderful group of paintings.

You have shown your skills and talents beautifully. Such a sumptuous array of paintings makes for a great exhibition. It was difficult to select awards for they were so many good paintings.
